We will be making memorial planters in May, at Howe's details will be coming.

Dennis Letendre, Fire Chief has informed us, that the Red Cross is making available battery operated smoke detectors for smoke detectors that are 10 years old or older (not hard wired) to residents. The date is on the back of the detector. The COA is working in conjunction with the Fire Department. If you are interested please call Joanne at 508-867-7272. I will need your name, address, phone number, number of smoke detectors needed and email address.

The Town Hall is open and masks are mandatory at this time.

Please stay safe!
